

# Changes to the Gatton Waste Facility

**The Gatton Landfill is reaching capacity - and the last landfill cell (Cell 5) is due to commence construction, resulting in changes to operations and stockpiles managed at the site.**

***From 2 May 2023, the existing stockpiling site at the Gatton Waste Facility will be unavailable for public use due to construction requirements.***

During the construction period, if you are disposing of the following items, you must proceed to **Treatment Plant Road, Gatton\***:

- Green waste
- Scrap metal
- Fridges / freezers / air conditioners
- Concrete

Please follow signage for directions to Treatment Plant Road.

**All other waste to Fords Road facility.**

*\* Vehicles over 4.5 tonnes GVM will need to go to the weighbridge on Fords Road first and then go to Treatment Plant Road. All vehicles over 4.5 tonnes GVM must then return to the weighbridge at Fords Road to weigh off.*

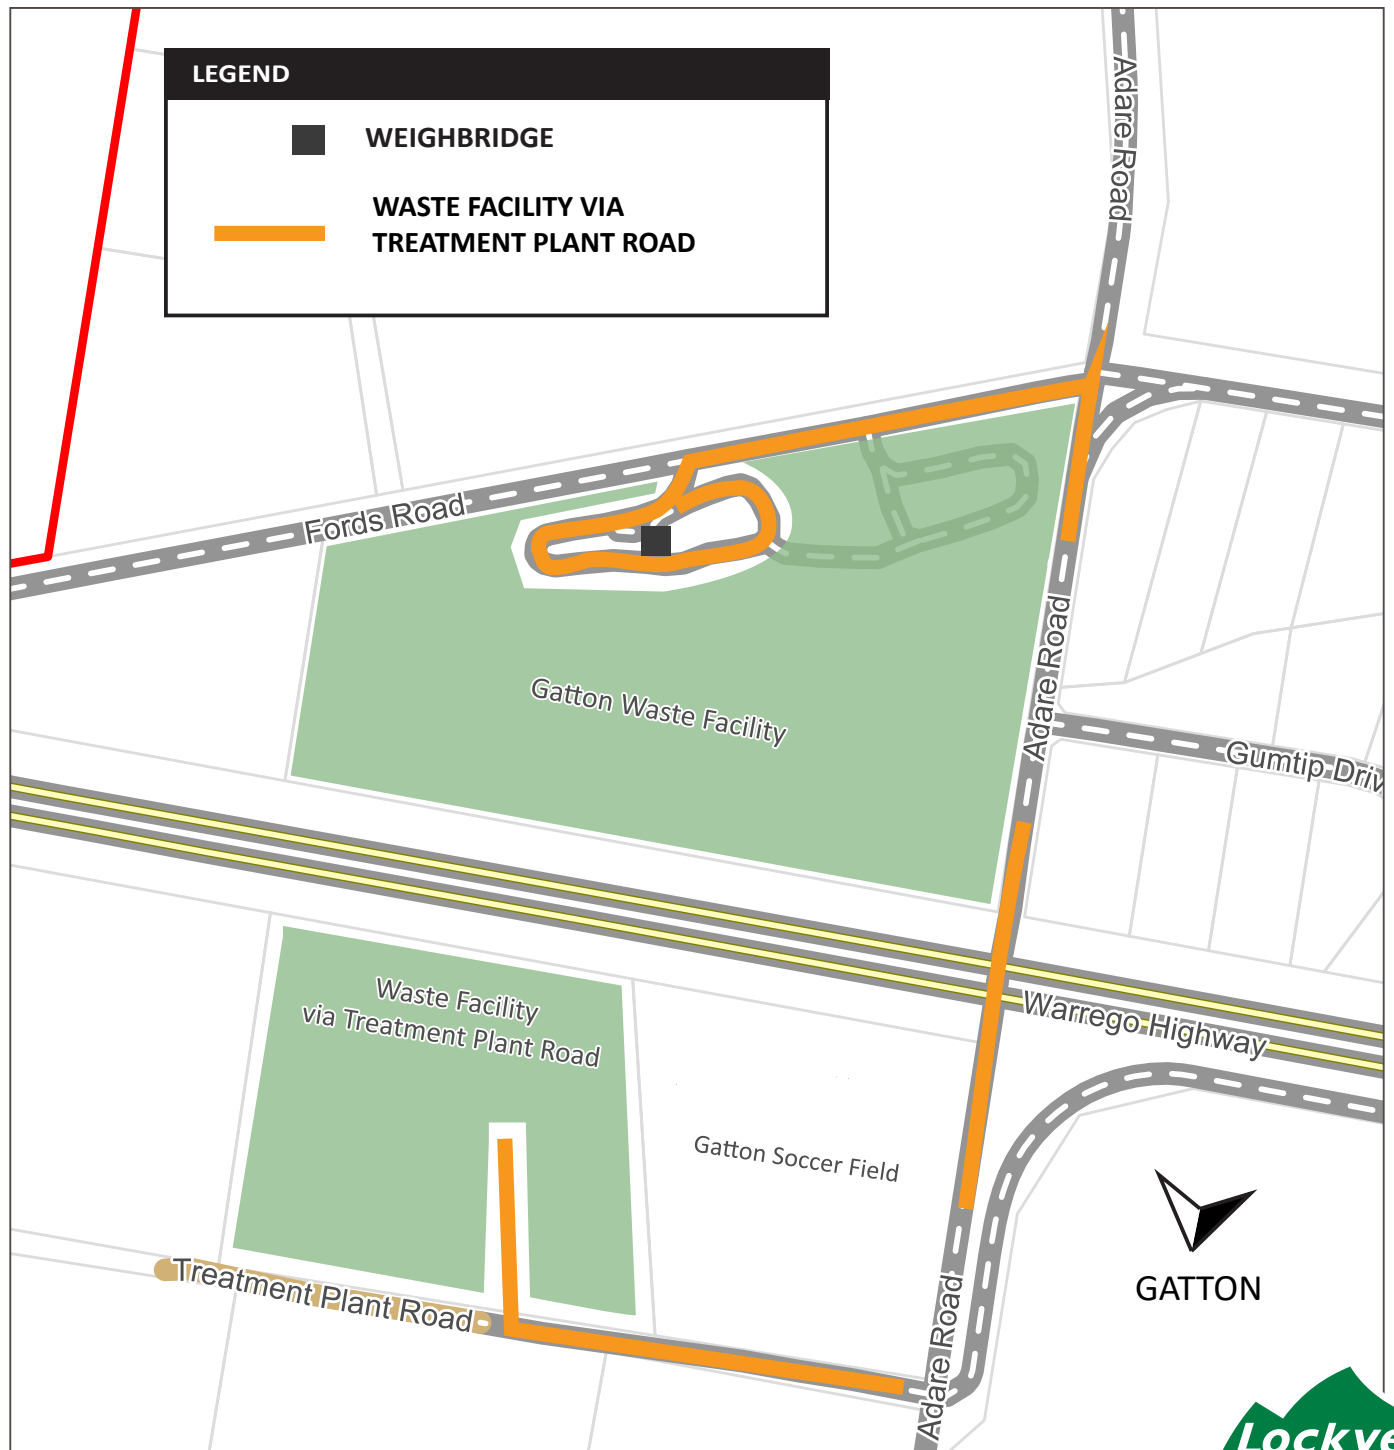

**Council apologises for the inconvenience and appreciates your patience and cooperation while construction of Cell 5 is underway.**
